DO YOU HEAR?

Make your
experiences count

Higher Education Achievement Report

keele.ac.uk/hear | keelesu.com/HEAR

The **Higher Education Achievement Report (HEAR)** will be issued to Keele undergraduates graduating from July 2014 onwards. It will provide a single record of academic and other achievements during your time at University, including a section outlining any HEAR recordable activities you take part in. These activities will help to define you as a graduate to employers and go into 'Section 6.1'. It's completely up to you what activities you take part in. This diagram illustrates your HEAR journey.

Your HEAR will be generated by the Student Records and Examinations Team and is populated with factual information about your course and institution, for example programme details, module results and your award outcome

Having a HEAR helps you to understand what skills you have obtained from undertaking co-curricular activities and how to present and articulate these skills to employers.

Ensure your HEAR-recordable activities are included so employers know what activities you were involved with at University. They will use this information to identify your suitability for a role.

**Find a job to
Kick-start your career!
Ultimately we want
you to gain employment
when you leave Keele and
to find a job that's right
for you. The HEAR will
help you to do this.**

Enhance your HEAR by taking part in activities that can be verified by Keele. This is your opportunity to take control of how you present yourself to employers. Choosing the most relevant activities to your future job aspirations will actively improve your employment prospects.

Section 6.1 of the HEAR is the place to record the skills you've learnt through the activities you've taken part in. There are all kinds of activities to get involved with, from taking up an elected position on a student society to being a coach or referee for a sports club to gaining an award for volunteering. You may already take part in this kind of activity and don't realise that it could count towards the HEAR, plus you can have a lot of fun in the process! There is no limit on the amount of these activities that appear on your HEAR; the fuller it is, the more interesting you will be to employers!

Visit keelesu.com/HEAR for full details of all the activities you can take part in. The Activities Team will be happy to support and inform you every step of the way.

Remember, 6.1 is YOUR opportunity to promote yourself, stand out from your competitors and make the most of everything you do.
